

Fedele Cavaliere.

UX/UI and Interaction designer.

I'm an enthusiastic human being, designed in Apulia, designing in Milan, or in the rest of the world.

Currently studying the MSc of Digital and Interaction Design and graduated at Alta Scuola Politecnica, I'm passionate about technology and anything able to evoke wonder.

I am a curious and meditative person, always trying to understand human nature and needs. I crave for trying new things and experiences to expand my boundaries.
